

A bioinformatics approach for homology modeling and binding site identification of triosephosphate isomerase from <i>Plasmodium falciparum</i> 3D7	261	wetting, water absorption, and disintegration time of orodispersible tablets	157
A novel extraction method and some physicochemical properties of extractives of <i>Iringia gabonensis</i> seeds	66	Efficacy of extrinsic stain removal by novel dentifrice containing papain and bromelain extracts	245
A study on impact of clinical pharmacist interventions on medication adherence and quality of life in rural hypertensive patients	95	Evaluation and quantification of angiogenesis activity of <i>Terminalia bellirica roxb.</i> by mice sponge implantation method	22
An evaluation of consumers' perceptions regarding "modern medicines" in Penang, Malaysia	108	Evolutionarily conserved essential genes from arctic bacteria: A tool for vaccination	55
Anti-hyperglycemic and anti-hyperlipidemic effects of <i>Bryonia laciniosa</i> seed extract and its saponin fraction in streptozotocin-induced diabetes in rats	171	Extractive spectrophotometric method for the determination of tropicamide	42
Antidepressant potential of 5-HT ₃ receptor antagonist, <i>N</i> -n-propyl-3-ethoxyquinoxaline-2-carboxamide (6n)	235	Flurbiprofen-loaded stealth liposomes: Studies on the development, characterization, pharmacokinetics, and biodistribution	209
Antioxidant and hepatoprotective activities of ethanolic extracts of leaves of <i>Premna esculenta</i> Roxb. against carbon tetrachloride-induced liver damage in rats	228	Formulation and <i>in vitro</i> evaluation of floating tablets of hydroxypropyl methylcellulose and polyethylene oxide using ranitidine hydrochloride as a model drug	201
Antitumor, analgesic, and anti-inflammatory activities of synthesized pyrazolines	82	Formulation and evaluation of cephalixin extended-release matrix tablets using hydroxypropyl methyl cellulose as rate-controlling polymer	3
Antiuro lithiatic effects of <i>Solanum xanthocarpum</i> fruit extract on ethylene-glycol-induced nephrolithiasis in rats	164	Formulation development and evaluation of alginate microspheres of ibuprofen	13
Assessment of <i>In vitro</i> sun protection factor of <i>Calendula officinalis</i> L. (asteraceae) essential oil formulation	17	FTIR and Raman spectroscopic investigations of a norfloxacin/carbopol934 polymeric suspension	138
Assessment of medication-related problems in geriatric patients of a rural tertiary care hospital	273	Gene polymorphism in amlodipine induced gingival hyperplasia: A case report	287
Association between medication adherence outcomes and adverse drug reactions to highly active antiretroviral therapy in Indian human immunodeficiency virus-positive patients	250	General public expectation from the communication process with their healthcare providers	193
Changes in serum electrolytes, urea, and creatinine in <i>Aloe vera</i> -treated rats	78	Health-related quality of life measurement	54
Design and microwave-assisted synthesis of 1,3,4-oxadiazole derivatives for analgesic and anti-inflammatory activity	33	Hospital nuclear pharmacy survey: Preliminary aspects in Brazil	279
Diuretic effects of cleistanthin A and cleistanthin B from the leaves of <i>Cleistanthus collinus</i> in Wistar rats	73	Identifying errors in handwritten outpatient prescriptions in Oman	267
Drug attitude and adherence: A qualitative insight of patients with hypertension	101	Introduction of APCs in <i>J. Young Pharm.</i>	1
Effect of a disintegration mechanism on		Investigation of the mechanisms underlying the gastroprotective effect of <i>Cymbopogon citratus</i> essential oil	28
		Medical store management: An integrated economic analysis of a Tertiary Care Hospital in Central India	114
		Medicines in pharmacy students' residence and self-medication practices	119
		Molecular docking and prediction of pharmacokinetic properties of dual mechanism drugs that block MAO-B and adenosine A _{2A} receptors for the treatment of Parkinson's disease	184

Title Index

<p>My Vision: <i>J Young Pharm</i> Occurrence and treatment of common health problems in a Nigerian community Optimization of pellets containing solid dispersion prepared by extrusion/spheronization using central composite design and desirability function Outgoing editor's message Pharmaceutical care: Need of the hour in India Pharmacological and biochemical interventions of cigarette smoke, alcohol, and sexual mating frequency on idiopathic rat model of Parkinson's disease Preparation and evaluation of montelukast</p>	<p>127 49 146 65 282 177</p>	<p>sodium loaded solid lipid nanoparticles Protective action of flavonoids genistein and gingerol against cisplatin toxicity <i>In vitro</i> Simultaneous quantitative analysis of olmesartan medoxomil and amlodipine besylate in plasma by high-performance liquid chromatography technique Studies on the preparation, characterization, and solubility of 2-HPβ-cyclodextrin-mecizine hcl inclusion complexes Synthesis of some new isoxazoline derivatives of chalconised indoline 2-one as a potential analgesic, antibacterial and anthelmimtic agents Treating tuberculosis: Time to Introduce fixed-dose drug combinations</p>	<p>129 124 88 220 38 199</p>
